BEAN A Acoustic pendant

A Bean adds atmosphere, playfulness, and acoustic performance to any interior. This striking concept with an organic, soft design consists of a series of individual pendant light fixtures in different formats and with different functionalities: mood lighting, acoustic optimization, or a combination of both. For those looking for an eye catcher this concept provides an easy and fast, but above all unique solution.

Application

- Ceiling

Properties

- Sound Absorbing
- Lightweight
- High aesthetic value

Mounting

Installation is very easy as each unit is hung individually. Both the height and suspension angle are easily adjustable.

Cleaning

Can be dusted daily with vacuum cleaner.
